

DREAM WEAVERS DONATION PLEDGE

What is Dream Weavers?

Dream Weavers is a family-oriented, friendship-supported development organization that seeks to fight poverty and create sustainable change by facilitating access to education. We partner with women's artisan groups and promote access to a global market for their goods, while providing workshops and scholarships for their children, and preserving the oral history and well-being of their elderly. We also plan to partner with various student groups across the United States in order to raise awareness of global poverty and trade, and we

plan to provide alternative winter and spring break connection and consulting services to our charter clubs, as well as using the World Wide Web to facilitate cultural exchange between our artisans and our American students, customers, and donors, because we believe that all gifts should have a personal touch. E-mail us at board@weavedream.org or visit our website at www.weavedream.org
